

Congressional Order 101

**An
Order
from
We the People
of these
United States of America
to the
Congress of the United States of America**

Whereas, it is well established and well recognized by all the People of these United States of America that education is extremely *valuable*;

Whereas, the lawful money of the United States of America is no longer *exclusively* backed by gold and silver, but additionally, by the sum total of Our cumulative Wealth;

Whereas, Our cumulative Wealth takes many forms, including but not limited to, intellectual property;

Whereas, we the People of these United States of America acting as a Majority, fulfilling our lawful Will is the Duty of all Officers and Employees of the United States of America and the several States – to the best of their abilities and in the best interests of the People;

Whereas, it is the Will of the undersigned, in order to secure to all People and future generations Our right to the best educations possible, and also, the means to fund this education;

Now Therefore, the undersigned does hereby Order the Congress of these United States of America to **create and enact legislation** pursuant to the following:

- 1) The Congress of these United States SHALL NOT be officially obligated to act upon this Order until a majority of the People make their Will known by signing this Order and transmitting it to the Congress. The Congress may, however, acting upon it's own volition and previously delegated powers, choose to follow this Order before a majority of the People make their Will known.
- 2) The Congress of these United States shall officially recognize, and direct the Treasury of the United States of America to begin accounting for the increase of the Wealth of these United

Congressional Order 101

States of America represented and evidenced by all educational documents of all public, private, and home schools (hereinafter, "Schools").

- (a) Educational document(s) include, but are not limited to: high school diplomas, GEDs, trade school certificates, collage diplomas and certifications, military & civil training certifications, internship & apprenticeship certifications, *etc.*.
 - (b) The individual educational document(s) shall be recognized, recorded and registered as an *asset* of the student(s) who earned the document(s), and the sum total of all lawful money created, backed and secured by this *registered asset* shall issue directly to any and all institution(s), organization(s) or individual(s) which provided the educational service(s).
 - (c) The individual value of an educational document shall be registered and accounted for at no amount less than the *total cost* to provide students the education the educational document evidences. If the individual accounting should fall short of covering the total costs of education, then the cumulative value of all the educational documents shall be accounted for at no amount less than the *total cost* to cover ALL educational funding for all Schools of the United States of America, the several States, and any and all private Schools in order to cover any additional educational costs.
 - (d) All currently existing educational documents of all living people are to be recognized and accounted for at no amount less than the *total cost* of past education, and the funds are to be used in the satisfaction of all debts, both public and private, including but not limited to the National Debt. Further, as the educational documents of private schools, collages and the like were not always funded by public revenues, all private costs incurred by people shall be reimbursed to them.
- 3) The Congress of these United States shall officially recognize, and direct the Treasury of the United States of America to begin accounting for the increase of the Wealth of these United States of America represented and evidenced by this document (or a copy thereof).
- (a) This Order represents and contains the *solution* to all educational funding for all current and future generations. This *solution* is the intellectual product and property of the author of this document, Christopher Theodore of the family of RHODES. This *solution* has value.
 - (b) The value of this *solution* shall be accounted for at $1/10000^{\text{th}}$ (0.0001) of the total of all the educational Wealth created via the application of this *solution* for 8 years after the application of the solution – This solution is not being sold to these United States of America – it facilitates the creation of Wealth and, it is additionally a small part of the total Wealth being created.
 - (c) The value of this *solution* shall be recognized, recorded and registered as an *asset* of Christopher Theodore of the family of RHODES, and the sum total of all lawful money created, backed and secured by this *registered asset* shall issue directly to Christopher Theodore of the family of RHODES.
